MEMORANDUM FOR: Assistant Director, Current Intelligence

SUBJECT : Appreciation for Reproduction of Communication Report

25X6

1. The Intelligence and Information Staff, OCI was recently given a communications study that had been assembled during a recent site survey in a certain [redacted] country. The staff was requested to make several copies of this report which included numerous maps showing communication circuit diagrams. The finished product as returned to OC-SPS/CMT reflected superb workmanship.

2. This report is unique in that no previous U. S. technical communication data was available from that country. Because of the many interested components within this Agency and the National Security Agency, it was mandatory that wide dissemination be made of this document.

3. It was due to the cooperation of your staff that we have been able to satisfy this distribution problem. In
25X1A9a particular we wish to thank [redacted] Chief, Intelli-
25X1A9a gence and Information Staff, [redacted] who served
25X1A9a as coordinator, [redacted] in the cartographic
25X1A9a office, [redacted] of Printing and Services (OL), and the many persons who helped make this report a success.

25X1A9a S/
[redacted]
Director of Communications

The cartography division's contribution to this
25X1A9a project was the work of [redacted]
GC/X. It is proper that a copy of this
25X1A9a be placed in [redacted] Personal file.
